Saint Elizabeth Health Care
Wins Health Care Safety Award!

The Canadian College of Health Service Executives (CCHSE) has created a new award which recognizes one leading health care organization that is committed to improving safety within the health care environment, through leadership, culture, best practices, innovation and change management.

We are thrilled to announce that on Sunday, June 1st, Saint Elizabeth Health Care was the first recipient of this important award!

The Client Safety and Quality Management Team is one of the most successful initiatives that Saint Elizabeth Health Care has developed to ensure evidence-informed decision making is taking place at every level throughout the organization, from front line staff to the Senior Leadership Team and our Board of Directors. This team has delivered numerous safety initiatives including our Hand Hygiene Campaign and our adoption of state of the art technologies for documentation, with the goal to decrease the amount of risk for clients in the community and to continue to improve outcomes for clients of the future.

This award is a proud achievement for all of us at Saint Elizabeth Health Care as we continue to set the standard for community and home based health care in Canada.

Saint Elizabeth Health Care

A Canadian organization and leading community and home based health care provider, Saint Elizabeth Health Care puts client safety at the core of its mission.

This year, we are celebrating 100 years of service, with a dynamic talent team of 4,000, delivering 3.3 million home care visits annually.

We have also been recognized as one of the "*50 Best Employers in Canada*" and one of the "*Best Workplaces*" in Canada.
