

## @YOURSIDE COLLEAGUE® Orientation

@YourSide Colleague® Orientation is an innovative web-based solution created by nursing experts in the field of home and community care to provide interactive knowledge development opportunities for health care providers at their own convenience.

### Key Features

- Comprehensive learning information updated by experienced home health care nurses
- Practice quizzes to test knowledge along the way
- Final knowledge tests that are submitted to education coaches for review
- Information on current community-based nursing developments
- Library of education materials, articles and resources
- A collection of tools and templates to use during care
- Exchange area that connects health care providers to share their experiences
- Message centre, which includes direct email access to coaches and colleagues
- Personal information centre to track certifications and goals
- Access to online resources

### Topics

*Professional Community Nursing Practice* – provides an overview of community nursing practice, including a description of professional practice, standards and ethics

*Your Client's Story* – includes unique features of receiving home care; includes information on therapeutic relationships, consent to treatment, customer service and cultural sensitivity

*Your Role as a Community Nurse* – provides information vital to the role of a community nurse, including the documentation process, admission, on-going care, discharge planning and the health care team

*Clinical Specialties* – includes a comprehensive orientation to respiratory care, cardiac care, wound care, infusion therapy, diabetes care, mental health, palliative care and child and family care

*Infection Control in the Community* – includes information on hand-washing, routine practices, additional precautions and equipment management

*Unique Aspects of Community Nursing* – includes information on abuse and living with risk; includes practical tips for home care nurses and a list of community resources

*Your Role in Quality* – provides information on improving client care, managing risk and using policies and procedures
